

SUPPORTED HOUSING ACCOMMODATION

AGENCY REFERRAL INFORMATION

Supporting families in need

The Haybarn is the first phase of the Barns Project, the new Supported Housing Accommodation at Living Springs Family Centre for vulnerable children and their mothers. It is comprised of four independent one-bedroom flats to accommodate mothers-to-be and mothers with their babies/toddlers. One flat is slightly larger and would accommodate a mother with a small child and a baby together.

Each resident will be responsible for their own children, but staff will monitor and support according to the agreement made for each family.

The purpose of this accommodation is to provide short-term housing with the option of a high level of support for mothers who may have difficulty in learning how to parent or protect their children. This will normally be provided for a period of three months, up to a maximum of six months.

Each mother will be granted a licence agreement to live in a flat; they will need to pay a weekly rent, or claim Housing Benefit to cover this and will be expected to pay a separate amount to cover the cost of their utilities.

Residents in The Haybarn will be able to experience living independently, whilst at the same time having access to support at a level appropriate to their requirements.

This pack contains referral information relevant to your situation. We accept referrals from social services, other agencies, or self referral.

If you have any questions which relate to the accommodation itself or to the referral form, please contact us.

We look forward to hearing from you.
